administered exams and include every type of question that can be expected on the actual exams. These publications and educational materials are highly regarded and continually receive an unprecedented amount of praise from professionals, instructors, librarians, parents, and students. Our authors are as diverse as the fields represented in the books we publish; they are well known in their respective disciplines and serve on the faculties of prestigious high schools, colleges, and universities throughout the United States and Canada.

**Chapter 1: About the SAT II Math Level IC Subject Test**

This book provides you with an accurate and complete representation of the SAT II Math Level IC Subject Test. Inside, you will find a complete course review designed to provide you with the information and strategies needed to do well on the exam, as well as six practice tests based on the actual exam. The practice tests contain every type of question that you can expect to appear on the SAT II Math Level IC Subject Test. Following each test, you will find an answer key with detailed explanations designed to help you master the test material.

**About the Test: Who Takes the Test and What It Is Used For**

Students planning to attend college take the SAT II Math Level IC Subject Test for one of two reasons:

1. Because it is an admission requirement of the college or university to which they are applying.
2. To demonstrate proficiency in mathematics.

The SAT II Math Level IC exam is designed for students who have taken more than three years of college preparatory mathematics, two years of algebra, and one year of geometry.

**Who Administers the Test?** The SAT II Math Level IC Subject Test is developed by the College Board and administered by Educational Testing Service (ETS). The test development process involves the assistance of educators throughout the country and is designed and implemented to ensure that the content and difficulty level of the test are appropriate.

**When Should the SAT II Math Level IC Be Taken?** If you are applying to a college that requires subject test scores as part of the admissions process, you should take the SAT II Math Level IC Subject Test by November or January of your senior year. If your scores are being used only for placement purposes, you may be able to take the test in the spring.

**For more information, be sure to contact the colleges to which you are applying.**

**When and Where is the Test Given?** The SAT II Math Level IC Subject Test is administered five times a year at many locations throughout the country, mostly high schools. The test is given in November, December, January, May, and June.

**To receive information on upcoming administrations of the exam, consult the publication *Taking the SAT II Subject Tests*, which may be obtained from your guidance counselor or by contacting College Board SAT Program, P.O. Box 6200, Princeton, NJ 08541-6200, phone 609-771-7600, website [collegeboard.com](http://collegeboard.com).**

**Is there a registration fee?** You must pay a registration fee to take the SAT II Math Level IC. Consult the publication *Taking the SAT II Subject Tests* for information on the fee structure.

**Financial assistance may be granted in certain situations.** To find out if you qualify and to register for assistance, contact your academic advisor.

**What kind of calculator can I use?** Your calculator should be at the minimum a scientific calculator. It can be programmable or non-programmable. Bear in mind, however, that for perhaps 60 percent of the test items, the calculator will afford you no advantage and moreover may actually work against you.

**No pocket organizers, hand-held minicomputers, paper tape, or noisy calculators may be used.** In addition, no calculator requiring an external power source will be allowed. Finally, no

sharing of calculators will be permitted you must bring your own make sure you are thoroughly familiar with the operation of your calculator before the test your performance on the test could suffer if you spend too much time searching for the correct function on your calculator how to use this book what do i study first remember that the sat ii math level ic subject test is designed to test knowledge that has been acquired throughout your education therefore the best way to prepare for the exam is to refresh yourself by thoroughly studying our review material and taking the sample tests provided in this book they will familiarize you with the types of questions directions and format of the sat ii math level ic subject test to begin your studies read over the review and the suggestions for test taking take one of the practice tests to determine your areas of weakness and then restudy the review material focusing on your specific problem areas the course review includes the information you need to know when taking the exam be sure to take the remaining practice tests to further test yourself and become familiar with the format of the sat ii math level ic subject test when should i start studying it is never too early to start studying for the sat ii math level ic test the earlier you begin the more time you will have to sharpen your skills do not procrastinate cramming is not an effective way to study since it does not allow you the time needed to learn the test material the sooner you learn the format of the exam the more comfortable you will be when you take the exam format of the sat ii math level ic the sat ii math level ic is a one hour exam consisting of 50 multiple choice questions material tested the follo
