meets breeders and rescuers at all levels shedding much needed light on an industry that most people don't even realize is an industry. kavin's goal is to advance the conversation about how all dogs are treated from puppy mills to high kill shelters. she shows that a great deal can be improved by understanding the business practices behind selling dogs of all kinds instead of pitting rescue and purebred people against each other. the dog merchants shows how all dog lovers can come together with one voice as consumers on behalf of all our beloved companions.
