The Arms Trade Treaty: A Commentary 2016-06-09

the united nations arms trade treaty became binding international law in late 2014 and although the text of the treaty is a relatively concise framework for assessing whether to authorize or deny proposed conventional weapons transfers by states parties there exists controversy as to the meaning of certain key provisions furthermore the treaty requires a national regulatory body to authorize proposed transfers of conventional weapons covered by the treaty but does not detail how such a body should be established and how it should effectively function the arms trade treaty a commentary explains in detail each of the treaty provisions the parameters for prohibitions or the denial of transfers international cooperation and assistance and implementation obligations and mechanisms as states ratify and implement the treaty over the next few years the commentary provides invaluable guidance to government officials commentators and scholars on the meaning of its contentious provisions this volume describes in detail which weapons are covered by the treaty and explains the different forms of transfer that the arms trade treaty regulates it covers international human rights trade disarmament humanitarian law criminal law and state to state use of force as well as the application of the treaty to non state actors

Stuff Preparation for Paper and Paperboard Making 2013-10-22

5 Latest Sample Papers for CBSE 2020 Class 12 Exam - English Core, Physics, Chemistry Mathematics & Biology- 3rd Edition 2019-10-01

this book provides an empirical understanding of how eu level defence industrial cooperation functions in practice using the liberal intergovernmental theoretical model the book argues that while national economic preferences are an essential factor of government interests they only explain part of the dynamic that leads to the development of defence industrial policy at eu level moving beyond a simple adumbration of economic preferences it shows how the eu s institutional framework and corpus of law

are used by governments to reaffirm their position as the ultimate arbiter and promoter of national economic preferences in the defence industrial sector to this end the work asks why and how eu member state governments european defence firms and eu institutions developed eu level defence industrial policy between 2003 and 2009 the book also analyses significant policy developments including the establishment of a european defence agency and two eu directives on equipment transfers and defence procurement this book will be of much interest to students of eu policy defence studies security studies and international relations in general

Defence Industrial Cooperation in the European Union 2019-03-28

UPTET Teacher Selection Paper-1 for Class 1 to 5 2020 2019-11-11

the volume the unesco memory of the world programme key aspects and recent developments responds to the growing interest in the scientific study of the memory of the world programme now and its core concept of documentary heritage which has received little attention from scholarship so far this sixth publication in the heritage studies series provides a first collection of differing approaches including reflected reports essays research contributions and theoretical reflections for the study of the now programme offering a basis for follow up activities the volume edited by ray edmondson

Lothar Jordan and Anca Claudia Prodan bring together 21 scholars from around the globe to present aspects deemed crucial for understanding Mow's development, relevance, and potential. The aim is to encourage academic research on Mow and to enhance the understanding of its potential and place within heritage studies and beyond.

Lobbying Uncovered? 2018-12-17

The thoroughly revised updated 3rd edition of the book *The Economy Compendium* has been updated with all the recent developments that have happened in the economic sphere. The book is prepared on the concept of latest information, authentic data, and the book is empowered with mind maps, infographics, charts, tables, and latest exam patterns. MCQs are the emphasis of the book, which has been on conceptual understanding and better retention, which are important from the point of view of the exam. The book captures most of the important questions with explanations of the past years of the IAS Prelim Exam, State PSC, NDA, and other competitive exams. Distributed in the various chapters, the book is divided into 19 chapters followed by 2 levels of exercises with 1000 simple MCQs, statement-based MCQs.

The UNESCO Memory of the World Programme 2018-10-16

This book brings Korea's finest foreign policy minds together in contemplating the risks and rewards of finally ending the 70-year stalemate between North and South Korea through reunification. While North Korea is in conflict with the United States over denuclearization and regime security, the South Korean government is focusing on economic development, preparing for the day when the two Koreas are unified. This book will help scholars, activists, and policy makers from all over the world systematically understand the current diplomatic and security issues in the Korean Peninsula.

Indian Economy Compendium for IAS Prelims General Studies Paper 1 & State PSC Exams 4th Edition 2014-09-01

Rapid advances in information and communication technology (ICT) continue to create tremendous opportunities for economic and social gains in the world's poorest areas. A key infrastructure of knowledge-based economies, ICT is a driving force for rapidly growing new sectors. The Strategy 2020 of the Asian Development Bank (ADB) reinforces the importance of drawing on ICT to enhance development in Asia and the Pacific. In line with Strategy 2020, ADB's 2013 ICT for Development Strategy and with the support of the Republic of Korea's e-Asia and Knowledge Partnership Fund (EAKPF), this study examines and identifies opportunities for promoting ICT in ADB operations.

The Learning Adult 2019-02-22

europaean company law series volume 19 compelling new perspectives on corporate governance including attention to increased shareholder engagement long term value creation and sustainability have given rise to major changes in the management of companies yet until this book there has been no systematic account of the legislative and soft law instruments designed to promote good corporate governance practices across the range of sizes and types of companies the book analyses the various instruments that legislators and others have used to promote good corporate governance in european companies and assesses their value in practice nineteen well known scholars of business and corporate law delve into how such issues and topics as the following are approached across the spectrum of corporate governance

instruments available in europe corporate codes of conduct procedural rules regulating how directors make decisions rules on board composition and remuneration regulating boards in small and medium sized enterprises public enforcement of directors duties how digitalisation may affect implementation of corporate governance instruments reporting rules rules on the empowerment of minority shareholders the role of the general meeting regulation of the market for corporate control certifications rules on liability of directors and role of auditors and accountants in its in depth analysis of the benefits and potential disadvantages of each instrument and what may be achieved both at company level and generally this book will prove of value to all concerned with promoting responsible corporate governance whether in business government or academia

The High School Student's Guide to Writing a Great Research Paper 2022-12-09

disarmament is integral to the safeguarding and promotion of security development and human rights hundreds of millions of dollars are spent each year on disarmament operations yet no comprehensive guide exists to explain clearly the international rules governing disarmament this book seeks to fill that gap it describes the international legal rules that govern disarmament and the operational political and technical considerations that govern their implementation this book aims to support compliance implementation and further development of international disarmament law traditionally disarmament focused on weapons of mass destruction this remains a critically important area of work in recent decades the scope of disarmament has broadened to encompass also conventional weapons including through the adoption of rules and regulations to govern arms transfers and measures to eliminate specific munitions from stockpiles and to destroy explosive remnants of war there have also been four generations of programmes to address small arms and light weapons at national or sub national level through disarmament demobilisation and reintegration ddr programmes during and following the end of armed conflict while an internationally accepted definition of disarmament does not yet exist it is widely agreed that disarmament encompasses or interrelates with prohibitions and restrictions on the development production stockpiling testing and transfer of weapons and on their destruction in addition to clarifying these elements chapters of this guide will also consider the relationship between disarmament and the law of armed conflict and with the united nations security council human security public health and non state actors

My Revision Notes: OCR A2 Criminal Law and the Special Study Paper 2019-05-24

huge quantities of natural resources are illegally harvested and their proceeds laundered in the asia pacific region fostering corruption and undermining environmental governance most illegal exploitation and pollution occurs in countries with poor governance capacities but much of the sale for profit and money laundering occurs in mature markets with well developed governance capacities their asymmetrical enforcement capacities can

complement each other this book explores ways to combat illegal fishing and logging in asia pacific region by the use of cooperative legal measures particularly anti money laundering and confiscation of proceeds techniques contributors to this volume cover themes including the nature of transnational environmental crime patterns in laundering of illicit fish and forest products networks for distribution of illicit products weaknesses in current systems for assurance of the legality of products and international legal cooperation to enforce anti money laundering laws in relation to illicit products in considering these topics the book explores how the innovative use of anti money laundering measures and the seizure of criminal proceeds can as policy options to combat transnational fishery and forestry crimes the book will be of keen interest to scholars and students of environmental law and criminal law and excellent use for practitioners in natural resources conservation law
