keys to engaging secondary students research shows that all students regardless of learning style disability category or language difference learn more effectively when they are engaged in active learning this book shows teachers how to help all students achieve positive learning outcomes the authors provide a compilation of strategies that serve as blueprints for instructional design and directions for using them across a variety of content areas the many benefits of active learning include a more engaged and interactive classroom increased self directed learning development of higher order thinking skills such as analysis synthesis evaluation improved reading discussion and writing competencies

Challenging Life: Existential Questions as a Resource for Education

2018

there is an increasing recognition today that young people need to have knowledge about religions and world views in order to live and work in diverse societies what kind of maps are they provided with through religious values and ethics education does education address the challenging existential questions that children and adolescents ask about life and the world this volume addresses different aspects of how existential questions have been dealt with in educational research it especially draws attention to the swedish research tradition of focusing on life questions and the interpretation of life in education but with contemporary international research added it also addresses issues of ethics education and discusses possible options for the future of existential questions as a resource for education

Proceedings of the International Congress of Education of the World's Columbian Exposition, Chicago, July 25-28, 1893

1895

play provides young children with the opportunity to express their ideas symbolize and test their knowledge of the world it provides the basis for inquiry in literacy science social studies mathematics art music and movement through play young children become active learners engaged in explorations about themselves their community and their personal social world an integrated play based curriculum for young children offers the theoretical framework for understanding the origins of an early childhood play based curriculum and how young children learn and understand concepts in a social and physical environment distinguished author olivia n saracho then explores how play fits into various curriculum areas in order to help teachers develop their early childhood curriculum using developmentally and culturally appropriate practice through this integrated approach young children are able to actively engage in meaningful and functional experiences in their natural context special features include vignettes of children s conversations and actions in the classroom suggestions for activities and classroom materials practical examples and guidelines end of chapter summaries to enhance and extend the reader s understanding of young children by presenting appropriate theoretical practices for designing and implementing a play based curriculum an integrated play based curriculum for young children offers pre service teachers the foundational knowledge about the field about the work that practitioners do with young children and how to best assume a teacher s role effectively

Virtual Learning Environments in Higher Education

2003

designed as a study aid for the students of manhattan prep s elite lsat prep classes 10 real lsats grouped by question type provides students with an opportunity for targeted practice cut from practice tests 41 50 this book allows students to hone their skills on specific question types in logical reasoning logic games and reading

comprehension including assumptions inferences binary grouping and more in depth explanations for every question are written by manhattan prep s expert lsat instructors and feature hand drawn diagrams that allow students to get inside the mind of a 99th percentile scorer by providing a means for targeted training 10 real lsats grouped by question type is an invaluable study tool enabling students to get acclimated to the nuances of the exam and achieve a higher level of mastery on every question the lsat has to offer

An Integrated Play-based Curriculum for Young Children

2013-03-01

inspired by the story of jael and deborah in the book of judges jaime hope mcardle shares her personal journey to a life of purpose and freedom through finding identity as a daughter of the creator king she takes on the old stories and passages of the bible with fresh eyes asking how they impact her life today and challenges her readers to consider becoming freedom fighters beginning in their own lives and then becoming a force for transformation in the world around them with chapters titled a danger to the gates of hell and freedom fighter jaime uncovers the spiritual battle raging under the surface in the world around us and challenges women to reconsider what being in prison looks like and to find the courage to try the door because it cannot be locked in the healing and daughter of a king she walks through revelation of a true identity that is the right of every woman who will choose this day this new identity defies the cultural norms for women with the greatest love of all and calls women to see their power is not in becoming more like men or in manipulation through sexuality she encourages the power to change the operating systems that directs everyday life and challenges to accept a new assignment to see life as a daily adventure to bringing love forgiveness grace and freedom to a world growing darker each year finally the assurance of getting it wrong to know the promise that god will have his way and as we attempt to follow his call on our life we can make mistakes and learn in our triumphs and failures his grace brings all things together for our good we can walk confidently through difficult seasons knowing who we are and whose we are
