eBook: Economics 20th Edition MCCONNELL,2017-02-15 eBook: Economics 20th Edition

EBOOK: Public Finance, Global Edition Ted Gayer,HARVEY ROSEN,2014-01-16 Rosen and Gayer's Public Finance provides the economic tools necessary to analyze government expenditure and tax policies and, along the way, takes students to the frontiers of current research and policy. While the information presented is cutting edge and reflects the work of economists currently active in the field, the approach makes the text accessible to undergraduates whose only prior exposure to economics is at the introductory level. The authors' years of policy experience have convinced them that modern public finance provides a practical and invaluable framework for thinking about policy issues. The goal is simple: to emphasize the links between sound economics and the analysis of real-world policy problems. Enhancements and key features for this new Global Edition include:New Policy Perspectives introduce relevant and engaging examples of international policy so students can extend their understanding of theory to policymaking across the globe. New Empirical Evidence applications provide students with real-world examples that are relevant to them, from case studies about Sweden and China to global examples that compare experiences between countries. Updated end-of-chapter questions broaden critical thinking, encouraging students to apply their knowledge to international and comparative examples. The results of econometric models are used to help students understand how expenditure and tax policies affect individual behavior and how governments set policies. Integrated theory and analysis: Institutional, theoretical, and empirical material is interwoven to provide students with a clear and coherent view of how government spending and taxation relate to economic theory. Current research is presented alongside discussion of methodological and substantive controversies. The approach is modern, theoretical, and empirical, and shared by most active economists. Institutional and legal settings are described in detail, and the links between economic analysis and current political issues are emphasized. This Global Edition has been adapted to meet the needs of courses outside of the United States and does not align with the instructor and student resources available with the US edition.

EBOOK: Economics: A Southern African Context, 3e J. van Rensburg,Campbell McConnell,Stanley Brue,Sean Flynn,2021-04-22 Economics studies how people, businesses and governments use resources. What shapes our decisions? How do we allocate goods and services? What does a rational choice look like? In this third edition of Economics: A Southern

African Context, the authors expertly guide us through the key principles of economics, providing a solid foundation in the subject. The text combines relevant Southern African examples with a clear and accessible narrative. By encouraging critical engagement with economic theories, it provides a basis for examining today's economic, social, and political issues. Key Features: •A new structure to refocus the book and align with teaching •Additional online chapters, including the Economics of Pandemics, available in Connect® •Fully updated pedagogy, including Interactive Graphs, Last Word, and Quick Quiz boxes •Discussions on new developments in economics, such as the consequences of COVID-19 and the impact of BRICS membership on trade in South Africa •Revised end-of-chapter content to test comprehension, including Review Questions, Discussion Questions and Problems, available in Connect® Economics: A Southern African Context is available with McGraw Hill's Connect®, the online learning platform which features resources to help faculty and institutions improve student outcomes and course delivery efficiency. Jan J. Janse van Rensburg is a lecturer at the University of Pretoria. His main area of interest is in teaching and course development with a focus on Principles of Economics. He also specializes in Health Economics, concentrating on the economic effects and costs of substance abuse. Campbell R. McConnell was a professor at the University of Nebraska-Lincoln, where he taught from 1953 until his retirement in 1990. Stanley L. Brue is a professor at Pacific Lutheran University, where he has been honoured as a recipient of the Burlington Northern Faculty Achievement Award. Sean M. Flynn is an associate professor of economics at Scripps College in Claremont, California.
