psychologists have always been interested in interest and so modern research on interest can be found in nearly every area of the field researchers studying emotions cognition development education aesthetics personality motivation and vocations have developed intriguing ideas about what interest is and how it works exploring the psychology of interest presents an integrated picture of how interest has been studied in all the wide ranging areas of psychology using modern theories of cognition and emotion as an integrative framework paul silvia examines the nature of interest what makes things interesting the role of interest in personality and the development of peoples idiosyncratic interests hobbies and avocations his examination reveals deep similarities between seemingly different fields of psychology and illustrates the profound importance of interest curiosity and intrinsic motivation for understanding why people do what they do the most comprehensive work of its kind exploring the psychology of interest will be a valuable resource for student and professional researchers in cognitive social and developmental psychology considers h r 8140 and related s 1902 to strengthen criminal statutes regarding conflict of interest bribery and corruption of federal employees the oecd guidelines for managing conflict of interest in the public service provide the first international benchmark in this field this report highlights trends approaches and models across oecd countries in a comparative overview that also presents examples of innovative and recent solutions one of the central questions in social science is why do people behave as they do a common social scientific answer is because of their interests despite the importance of the concept of interest for the social sciences it has been surprisingly little discussed and many aspects of its general history and many uses are largely unknown in this book richard swedberg attempts to remedy this situation through an easily accessible introduction to the topic starting with a history of the concept that covers the origin of the word and its early use in philosophy political science literature and everyday language he then pioneers an analysis of the emergence of interest as a sociological concept during the 19th century arguing that economists have reduced the concept of interest to that of economic interest he emphasizes that sociologists in contrast have attempted to develop a flexible and social concept of interest moving on to a discussion of the contemporary use of the concept of interest in economics sociology and political science the book concludes with a discussion of the potential of the concept of interest as a policy tool this practical book shows elementary school teachers how to differentiate instruction based on their students situational and personal interests it provides a large number of detailed and easy to use lesson plans to help you create choices to increase student engagement and learning also included is a set of blackline masters which you can duplicate and use in your classroom recently the federal gov t has been recording the largest budget deficits as a share of gross domestic product gdp since the end of world war ii as a result of those deficits the amount of federal debt held by the public has soared surpassing 9 trillion at the end of fiscal year 2010 and equal to 62 percent of gdp the interest the government pays on that debt is currently low by historical standards as a percentage of gdp but is expected to grow rapidly over the next several years as interest rates rise this study provides background material on federal debt and interest costs contents debt held by the public other measures of federal debt interest payments and receipts charts and tables this is a print on demand publication interest groups and lobbying shows how political organizations and their lobbyists play a crucial role in how policy is made in the united states it cuts through the myths and misconceptions about interest groups and lobbyists with an accessible and comprehensive text supported by real world examples and the latest research new to the second edition fully updates and expands the discussion of social media and other online activity engaged in by interest groups showing that they have become more sophisticated in their use of the internet especially social media for keeping current members informed and for their advocacy work new case studies on more recent advocacy efforts updated data used in the book including total number and types of interest groups lobbying in washington dc total number and types of interest groups lobbying in the fifty states data on campaign contributions data on amicus briefs and case sponsorship data on stages of the lawmaking process where interest groups appear to lobby the most new data on revolving door lobbyists this title was first published in 2000 politics cannot be conceived of as just a subsystem of society or as a network of particular interests the concept of interests and their role within the normative political debate is given a new interpretation by this book which examines how political interest market mechanisms and rational choice theories exist in the light of democratic freedom and social justice the book builds on different concepts of procedural justice from schumpeter buchanan and habermas s conceptions of democracy and the role of political compromise and coalition in the idea of consensus as a condition for political legitimation this book is the first of its kind to provide an in depth treatment of the law of unauthorised disclosures in the united kingdom drawing upon extensive data obtained using freedom of information as a methodology and examples from comparative jurisdictions the book considers the position of civil servants employees of the security and intelligence services and service personnel

in the armed forces it considers the protections available the consequences of leaking and a full assessment of the authorised alternatives this book not only highlights the risks associated with large scale investment but also advises on how governments can create an environment to attract investment that contributes to broad based growth and poverty reduction in cases where land acquisition by large investors makes sense from a social economic and environmental perspective 1893 94 include selected decisions of the board of revenue n w p and oudh
