~~International Political Economy Series 1988~~ puzzle

volume offers an original perspective on the relationship between economic theory and policy it discusses the lessons of economic theory and policy from a broad political economy perspective Contemporary political economy series 19?? this book shows the remarkable diversification in turkey s international political economy landscape in the 2000s its domestic political economy framework instrumental alternatives and geographic outreach it assesses both how an emerging economy like turkey copes with domestic and external challenges and the question of how substantial turkey s recent rise in global politics really is the volume also explains turkey s economic growth and political transformation in line with the changes occurring in world economics from the washington consensus era to the current mix or hybrid era encompassing both the characteristics of the post washington and beijing consensus eras the contributors portray the complexity of turkish politics and its fragilities at the political economy level

The Political Economy of Competitiveness 2000

published 35 years after palgrave macmillan s landmark international political economy ipe series was first founded this handbook captures the state of the art of contemporary ipe it draws on the series history of focusing on the oft neglected study of the global south providing interdisciplinary perspectives from scholars hailing from the global north and south the handbook illustrates the theoretical innovation and empirical richness necessary to explain today

Political Economy, and the Philosophy of

Government 1847 world financial orders challenges
 the predominance of neo liberalism as a mode of
 knowledge about contemporary world finance and
 claims that it neglects the social and political
 bases as well as the malign consequences of change
 he looks to the field of international political
 economy ipe to construct an alternative mode one
 that critically restores society and politics an
 historical approach to ipe is advanced that
 accounts for modern world finance since the
 seventeenth century as a succession of
 structurally distinct hierarchical social orders
 this book will be of interest to those working in
 the field of ipe and to those scholars researchers
 and students from across the social sciences who
 seek to challenge the common sense neo liberal
 explanation of contemporary world finance

The Global Political Economy of the Household in

Asia 2013 economists typically treat government as something outside the business realm a sort of lord of the manor richard wagner argues that this is the wrong approach and can ultimately be destructive to capitalism and to society modern governments are a peculiar form of business enterprise they face the same problems as regular businesses such as ascertaining demand and organizing production and act within the system in a way that can lead to a parasitical relationship with the market largely rooted in political economy this book develops new theoretical ideas and formulations to explain why democracy is a difficult form of government to maintain the author explores how and why limited governments can morph into a system of destructive politics and looks at ways to escape this process this dynamic book will be useful for public choice scholars economists political scientists and lawyers who are interested in political economy in its various guises
