From Ritual to Theatre

1982

turner looks beyond his routinized discipline to an anthropology of experience we must admire him for this times literary supplement

Reflecting the Audience

2005-04

this innovative work begins to fill a large gap in theatre studies the lack of any comprehensive study of nineteenth century british theatre audiences in an attempt to bring some order to the enormous amount of available primary material jim davis and victor emeljanow focus on london from 1840 immediately prior to the deregulation of that city s theatres to 1880 when the metropolitan board of works assumed responsibility for their licensing in a further attempt to manage their material they concentrate chapter by chapter on seven representative theatres from four areas the surrey theatre and the royal victoria to the south the whitechapel pavilion and the britannia theatre to the east sadler s wells and the queen s later the prince of wales s to the north and drury lane to the west davis and emeljanow thoroughly examine the composition of these theatres audiences their behavior and their attendance patterns by looking at topography social demography police reports playbills autobiographies and diaries newspaper accounts economic and social factors as seen in census returns maps and transportation data and the managerial policies of each theatre

Early Melodrama

2020-10-07

part of a series of sixteen volumes that provides for the first time ever a comprehensive set of works from a full century of musical theater in the united states of america many of the volumes contain musical scores and librettos that have never before been published the work that leads off this volume the voice of nature is generally considered the first melodrama to be performed in america and the earliest surviving complete work composed for american professional theater it is also the first to be written by a playwright boom in america

The Moro Morality Play

1986-11-15

on march 16 1978 the former prime minister of italy aldo moro was kidnapped by the red brigades and what followed the fifty five days of captivity that resulted in moro s murder constitutes one of the most striking social dramas of the twentieth century in this compelling study of terrorism robin wagner pacifici employs methods from sociology symbolic anthropology and literary criticism to decode the many social texts that shaped the event political speeches newspaper reports television and radio news editorials photographs moro s letters red brigade communiques and appeals by various international figures the analysis of these texts calls into question the function of politics social drama spectacle and theater wagner pacifici provides a dramaturgic analysis of the moro affair as a method for discussing the culture of politics in italy

2019

this collection of sixteen essays deals with the role of magic religion and witchcraft in european culture 1450 1650 and the critical role of the visual in that culture it covers the relationship of humanism and magic the intersection of religious ritual orthodoxy and power the discursive links between the visual language of witchcraft and contemporary anxieties about sexuality and savagery the introductory chapter urges us to exorcise our tendency to reduce historical experiences of the demonic to forms of unreason created in a distant past

only then can we understand the role of the demonic in our historical definition of the self and the other richly illustrated with 112 images the book will interest historians and art historians

2001-03-01

Mary Shelley's Frankenstein or the Modern Prometheus grew out of a parlor game and a nightmare vision. The story of the book's origin is a famous one first told in the introduction. Mary Shelley wrote for the 1831 edition of the novel. The two Shelleys, Byron, Mary's stepsister Claire Clairmont, and John William Polidori, Byron's physician, spent a wet, ungenial summer in the Swiss Alps. Byron suggested that each write a ghost story. If one is to trust Mary Shelley's account, and James Rieger has shown the untrustworthiness of its chronology and particulars, only she and poor Polidori took the contest seriously. The two illustrious poets, according to her, annoyed by the platitudes of prose, speedily relinquished their uncongenial task. Polidori too is made to seem careless, unable to handle his story of a skull-headed lady, though Mary Shelley is just as deprecating when she speaks of her own tiresome, unlucky ghost story. She also suggests that its sources went deeper. Her truant muse became active as soon as she fastened on the idea of making only a transcript of the grim terrors of my waking dream. I have found it what terrified me will terrify others. The twelve essays in this collection attest to the endurance of Mary Shelley's waking dream, appropriately though less romantically. This book also grew out of a playful conversation at a party when several of the contributors to this book discovered that they were all closet aficionados of Mary Shelley's novel. They decided that a book might be written in which each contributor, contestant, might try to account for the persistent hold that Frankenstein continues to exercise on the popular imagination. Within a few months, two films, Warhol's Frankenstein and Mel Brooks's Young Frankenstein, and the Hall Landau and Isherwood Bachardy television versions of the novel appeared to remind us of our blunted purpose. These manifestations were an auspicious sign and resulted in the book's endurance of Frankenstein.
