american studies literature university of graz amerikanistik course literary studies proseminar
american young adult fiction from 1950 to today language english abstract this paper is concerned
with one of the most preeminent motifs in suzanne collins the hunger games trilogy it poses the
question why the use of mass media plays such a dominant role throughout all three novels the aim
of this thesis is to demonstrate that mass media functions as a powerful tool to control manipulate
and ultimately free the population of the fictional state panem it will show that mass media is one of
the most essential components of the novels that drives the story development and significantly
contributes to the storyline s arc of suspense also it will examine the reoccurring symbol of the
mockingjay and how the main character katniss everdeen becomes the figurehead of the revolution in
this paper i am going to prove that this is also a consequence of mass media which will support my
thesis that mass media is the central element of the hunger games the hunger games introduces the
reader to the fictional state panem that emerged after a disastrous third world war which has
reduced the earth s population got killed the remaining survivors founded the state of panem
