for at least two centuries the spartan army was the most formidable war machine in greece the purpose of this book is to show the reasons for this professor lazenby looks first at the composition training and organization of the army tracing its roots back to the eighth century bc the second part analyses some of the main campaigns thermopylae plataea sphacteria mantinea the nemea koroneia lechaion and leuktra the final part continues the story to the end of greek independence since this book was first written over 25 years ago novels computer games and films such as 300 have raised interest in the spartan military to new heights the return to print of this excellent study is sure to interest academics and more general readers alike

Essays in Surgery

1989

this book is a concise readable introduction to the greek author thucydides who is widely regarded as one of the foremost historians of all time why does thucydides continue to matter today perez zagorin answers this question by examining thucydides landmark history of the peloponnesian war one of the great classics of western civilization this history zagorin explains is far more than a mere chronicle of the conflict between athens and sparta the two superpowers of greece in the fifth century bce it is also a remarkable story of politics decision making the uses of power and the human and communal experience of war zagorin maintains that the work remains of permanent interest because of the exceptional intellect that thucydides brought to the writing of history and to the originality penetration and the breadth and intensity of vision that inform his narrative the first half of zagorin s book discusses the intellectual and historical background to thucydides work and its method structure and view of the causes of the war the following chapters deal with thucydides portrayal of the athenian leader pericles and his account of some of the main episodes of the war such as the revolution in corcyra and the athenian invasion of sicily the book concludes with an insightful discussion of thucydides as a thinker and philosophic historian designed to introduce both students and general readers to a work that is an essential part of a liberal education this book seeks to encourage readers to explore thucydides one of the world s greatest historians for themselves

Essays of the Strange Subtlety, Great Efficacy, Determinate Nature of Effluvia ...

1673

athens and sparta is an essential handbook to the study of fifth century greek history and society it encourages the reader to engage critically with the evidence presenting a wide selection of ancient source material along with clear analysis and narrative this fully revised and updated second edition contains a new appendix on the controversy over the truthfulness of thucydides and fresh material on the representation of athenian women in vase painting

Victorian Hauntings

2017-03-14

this book examines the consequences of taking a full blown constructivist approach into arabic tertiary education and uncovers some interesting hidden factors that prevent cognitive progress in this environment this seemingly natural approach to learning does not in fact come naturally but requires careful preparation to enable learners to accept cognitive experiences that may be culturally uncomfortable

Resources in Education

2001

the great expedition to sicily described in the sixth and seventh books of thucydides history can be depicted in a variety of ways by some it has been thoughtfully treated as an example of overreaching on the part of the athenians by others it has been singled out as a sterling example of patriotism courage and grit on the part of the syracusans never until now however has anyone examined this conflict from a spartan perspective despite the fact that lacedaemon was the war s principal beneficiary and that her intervention with the dispatch of a single spartiate turned the tide and decided the outcome in sparta s sicilian proxy war paul rahe first outlines the struggle s origins and traces its progress early on then examines the reasons for sparta s intervention analyzes the consequences and retells the story of athens ignominious defeat rarely in human history has a political community gained so much at so little cost through the efforts of a single man

The Spartan Army

2012

a new history of the peloponnesian war is an ebook only omnibus edition that includes all four volumes of donald kagan s acclaimed account of the war between athens and sparta 431 404 b c the outbreak of the peloponnesian war the archidamian war the peace of nicias and the sicilian expedition and the fall of the athenian empire reviewing the four volume set in the new yorker george steiner wrote the temptation to acclaim kagan s four volumes as the foremost work of history produced in north america in the twentieth century is vivid here is an achievement that not only honors the criteria of dispassion and of unstinting scruple which mark the best of modern historicism but honors its readers all four volumes are also sold separately as both print books and ebooks

Athens and Sparta

2002-09-11

the essays collected in this volume were written to mark the centenary of the birth of sir kenneth dover one of the twentieth century s most influential classical scholars between them they explore the two major sides of his career his groundbreaking scholarship on greek language literature and history and the more public facing roles he assumed in universities and at the british academy which brought him into the national spotlight not without some notoriety in his later years the contributors consider the various facets of dover s life and work from a range of perspectives which reflect the burgeoning field of the history of scholarship some contributors were students and colleagues of dover s at different stages of his career while others are themselves leading experts in areas of classics to which he devoted his energies chapters on his academic publications and on the controversies he faced in the public realm are not bland celebrations of his legacy but offer critical assessments of his motivations and achievements cumulatively demonstrating that there is much to be learned not just about dover himself but also about the fields he helped to shape

Failure to Thrive in Constructivism

2011-01-01

the world has changed radically since 1989 when the general assembly declared the period from 1990 to 1999 as the united nations decade of international law during that time the international community claimed some major achievements as reflected by the adoption of conventions and treaties this publication presents a collection of essays from legal advisers of states and international organizations all of whom are among those committed to promoting respect for international law their contribution provides a practical perspective on international law viewed from the standpoint of those involved in its formation application and administration

The Trouble with Tradition

2008

the industry s longest running publication for baseball analysts and fantasy leaguers ron shandler s baseball forecaster published annually since 1986 is the first book to approach prognostication by breaking performance down into its component parts rather than predicting batting average for instance this resource looks at the elements of skill that make up any given batter s ability to distinguish between balls and strikes his propensity to make contact with the ball and what happens when he makes contact reverse engineering those skills back into batting average the result is an unparalleled forecast of baseball abilities and trends for the upcoming season and beyond

Three Essays in International Macroeconomics

2003

this book is the result of a long and fruitful conversation among practitioners of two very different fields ancient history and political theory the topic of the conversation is classical greek democracy and its contemporary relevance the nineteen contributors remain diverse in their political commitments and in their analytic approaches but all have engaged deeply with greek texts with normative and historical concerns and with each others arguments the issues and tensions examined here are basic to both history and political theory revolution versus stability freedom and equality law and popular sovereignty cultural ideals and social practice while the authors are sharply critical of many aspects of athenian society culture and government they are united by a conviction that classical athenian democracy has once again become a centrally important subject for political debate the contributors are benjamin r barber alan boegehold paul cartledge susan guettel cole w robert connor carol dougherty j peter euben mogens h hansen victor d hanson carnes lord philip brook manville ian morris martin ostwald kurt raaflaub jennifer tolbert roberts barry s strauss robert w wallace sheldon s wolin and ellen meiksins wood
