year 2004 in the subject romance languages spanish studies grade 1 7 a bielefeld university course escribir como mujer language english abstract thesis the dove is a symbol for the society at the end of the 19th century it serves to present the expectations society had in regard to women in the beginning i thought that the doves reflect the development of natalia but later i got the impression that the doves might also be the release for her development thinking further i came to realise that it also were not the doves alone which had the impact on her but that it was quimet behind them in the way that he had brought the doves into their home and then i thought it could not be quimet alone either but that it must be society which actually was the responsible power as quimet was only a part of it therefore i wanted to know how the common opinion was concerning the role of man and women at the time the novel is playing to be able to understand the reasons quimet has for imposing the role of colometa on natalia 1 i have structured my term paper as follows the first part is about the society at the end of the 19th century the second part conc entrates on quimet by looking at his behaviour and statements in regard to the common patterns of those days in the third part i connect the expectations of society and quimet with the metaphorical significance of the doves in the fourth part i want to show the impact these expectations have on natalia hereby i want to concentrate on the doves by distinguishing three different levels the first level is the simple physical presents of the doves in the novel the second level is the metaphorical meaning of the doves in regard to natalia and the third level is about the impact the doves have on natalia s psyche by their physical existence as well as their metaphorical significance 1 i will come later to what is meant by this role this volume examines the ways in which trauma alters women s identities while some of the chapters look deeply at individual experiences many of the contributions look to national traumas and the consequences of political abuses including colonial subjugation and genocide for women the book shows that language has a transformative power to change us to give us a great capacity for inner and outer dialogues and for healing and self love as shown here women have historically employed autobiography and memoir to free themselves and others rather than seeing the limit of form they reinvent the parameters to offer a new relationship with language ready to experience barcelona the a small masterpiece colm toibin daily telegraph i don t know how many times i have reread the book including several times in catalan with such effort that speaks volumes to my devotion to the novel gabriel garcia marquez the fierce beauty of rodores s writing makes it one of the masterpieces of modern european literature independent first published in 1962 as la placa del diamant this is considered the most important catalan novel of all time this is a new english translation it has previously been published in english as the time of the doves barcelona early 1930s natalia a pretty shop girl from the working class quarter of gracia is hesitant when a stranger asks her to dance at the fiesta in diamond square but joe is charming and forceful and she takes his hand they marry and soon have two children for natalia it is an awakening both good and bad when joe decides to breed pigeons the birds delight his son and daughter and infuriate his wife then the spanish civil war erupts and lays waste to the city and to their simple existence natalia remains in barcelona struggling to feed her family while joe goes to fight the fascists and one by one his beloved birds fly away a highly acclaimed classic that has been translated into more than twenty eight languages in diamond square is the moving vivid and powerful story of a woman caught up in a convulsive period of history an extremely moving love story translated from the catalan which reveals much about the spanish civil war as ordinary non political people had to live it diana athill go along with natalia on her night out and you ll soon find you d follow her anywhere rodores s writing pays such fierce and tender attention to the experience of being alive and the tempest that ordinary life can be helen oyeyemi
