The Publishers Weekly 2006

the field of reading is a compelling one characterised by many debates and discussions it is also amenable to investigations through a range of theories and research studies in this book eight leading authorities provide a state

of the art overview of reading using perspectives that have informed their work there are overviews from linguistic psychological sociological and literary viewpoints as well as more hybrid ones from investigations of digital literacy and multi modality this book celebrates what has already been achieved by bridging research scholarship and practice it also suggests what still needs to be done to bring the positive rewards from reading to greater numbers of young people it also recognises that the benefits of reading extend beyond the personal accomplished reading skills empower people to meet the challenges of everyday life making decisions solving problems and dealing with unexpected events the need to refresh and renew our knowledge of reading has gained further impetus in the information age new technologies for information and communication continually appear manifestations of fake news disinformation and conspiracy theories spread rapidly across the globe the book underlines the importance not only of reading but also the fact that reading between and beyond the lines is more important than ever in print and across multiple media platforms the chapters in this book were originally published as a special issue of education 3 13 international journal of primary elementary and early years education

Read, Rhyme, and Romp 2012-06-26

tests require a special kind of savvy a kind of critical thinking and knowledge application that is not always a part of classroom reading experiences who better to teach you how to prepare your students for reading tests than someone who has written them charles fuhrken has spent years working with several major testing companies and contributing to the reading assessments of various testing programs what he s learned about testing can help teachers who are interested in teaching effective reading strategies as well as preparing students for reading tests what every middle school teacher needs to know about reading tests from someone who has written them offers extensive practical strategies to help students perform well on test day this ready to use easy to understand resource provides a wealth of information about reading tests including high quality preparation materials samples of the most frequently assessed reading standards and engaging core reading activities charles takes the mystery out of reading tests he explains how students can learn the language of tests and apply their knowledge of reading to standardized tests in addition to providing information about reading tests that will help students feel prepared and confident on test day what every middle school teacher needs to know about reading tests provides a wealth of resources that can be incorporated into a teacher s everyday reading work including vocabulary development literary techniques

interpretation comprehension and more
