

Reading free Gate question papers with solution for computer science Full PDF

all three sentences are correct although the second is less common usually one will find that to is the preposition of choice for the word solution however for is preferred in certain cases and i give two examples to illustrate this in general both solution for and solution to can be correct but in this example specifically that includes the word problem the correct one is solution to here the idea is that the solution belongs to the problem so we should use solution to a problem and not solution for welcome to quickmath solvers solve new example help tutorial solve an equation inequality or a system example $2x + 1 = y$ $2y + 3 = x$ what can quickmath do quickmath will automatically answer the most common problems in algebra equations and calculus faced by high school and college students a solution is a value we can put in place of a variable such as x that makes the equation true example $x^2 + 4 = 6$ when we put 6 in place of x we get $6^2 + 4 = 40$ which is true so $x = 6$ is a solution how about other values for x for $x = 5$ we get $5^2 + 4 = 29$ which is not true so $x = 5$ is not a solution free math problem solver answers your algebra homework questions with step by step explanations the meaning of solution is an action or process of solving a problem how to use solution in a sentence used with verbs we have been looking for a solution for five hours looking for seeking working towards they couldn't agree on a solution for the crisis agree on find work out reach achieve produce arrive at he proposed a good solution for the problem a mixture in which one substance is dissolved in another especially a solid dissolved in a liquid an aqueous solution of salts in solution the warmer water becomes the less oxygen it can hold in solution dissolved in it smart vocabulary related words and phrases matt ellis updated on april 22 2022 grammar to and for are some of the most common prepositions in english you see them everywhere in almost every sentence that s what makes it so frustrating to get them mixed up after all the for and to difference isn't exactly easy to understand 1 countable noun a solution to a problem or difficult situation is a way of dealing with it so that the difficulty is removed although he has sought to find a peaceful solution he is facing pressure to use military force the ability to sort out simple effective solutions to practical problems to countable a way of solving a problem or dealing with a difficult situation synonym answer attempts to find a solution have failed to propose offer provide develop a solution to look for seek a solution it was decided that the only solution was for him to leave the company an easy innovative solution a possible practical long term solution collocations with solution collocations with solution these are words often used in combination with solution click on a collocation to see more examples of it acidic solution the acidic solution devitalized the tissue thus favouring the propagation of anaerobic infection from the cambridge english corpus free equations calculator solve linear quadratic polynomial radical exponential and logarithmic equations with all the steps type in any equation to get the solution steps and graph step 1 enter the equation you want to solve into the editor the equation calculator allows you to take a simple or complex equation and solve by best method possible step 2 click the blue arrow to submit and see the result the equation solver allows you to enter your problem and solve the equation to see the result explication key solving unfolding weak matches band aid pay dirt the ticket unraveling unravelment noun as in mixture of liquid and another substance compare synonyms synonyms antonyms strong matches blend compound dissolvent elixir emulsion extract fluid juice mix sap ask question asked 13 years ago modified 5 years 10 months ago viewed 81k times 18 what is the difference between saying solution to the problem and saying solution of the problem are they both equivalent or is there some difference differences prepositions to of share improve this question edited oct 21 2012 at 13:43 regdwight get step by step solutions to your math problems try math solver type a math problem basic algebra trigonometry calculus statistics matrices characters quadratic equation $x^2 + 4x + 5 = 0$ trigonometry $4\sin\theta\cos\theta = 2\sin\theta$ linear equation $y = 3x + 4$ arithmetic 699 533 matrix 2 5 3 4 2 1 0 1 3 5 simultaneous equation the following are the top 30 programming exercises with solutions to help you practice online and improve your coding efficiency in the c language you can solve these questions online in geeksforgeeks ide q1 write a program to print hello world on the console a mixture in which one substance is dissolved in another especially a solid dissolved in a liquid an aqueous solution of salts in solution the warmer water becomes the less oxygen it can hold in solution dissolved in it smart vocabulary related words and phrases below is the list of exercises select the exercise you want to solve basic exercise for beginners practice and quickly learn python
