catholic politics and intellectual ideas as a large proportion of the future domestic hardening that who ruled the country after world war ii were formed within the ranks of the federation in broader terms this is a contribution to the historiography of fascist italy and of catholic politics and mentalities in europe in the mid twentieth century it sets out to prove the fundamental ideological political social and cultural influences of catholicism on the making of modern italy and how it was inextricably linked to more secular forces in the shaping of the nation and the challenges faced by an emerging mass society furthermore the book explores the influence exercised by catholicism on european attitudes towards modernisation and modernity and how catholicism has often led the way in the search for a religious alternative modernity that could countervail the perceived deleterious effects of the western liberal version of modernity

Faith and Fascism 2017-03-21

this is the first collection to bring together leading scholars from diverse disciplines to offer a variety of perspectives on ideology and its analysis emphasizing the input of different intellectual and scholarly traditions to the meaning of ideology the articles explore commonalities in the use and understanding of ideology as well as delineating constructive differences in its interpretation while illuminating the changes that the concept of ideology as well as the practices it signifies has undergone in recent years contributions are included from the fields of political theory history literature political science cultural studies post marxism discourse analysis language studies law and sociology the meaning of ideology advances our understanding of the intricacy and relevance of ideology and offers the latest theories and insights that currently inform scholarship on the subject ideology emerges through the pages of this collection more strongly than ever as a major tool of understanding political language and as a durable and normal phenomenon that is inherent in the many ways we conceive the world around us this book was previously

published as a special issue of the journal of political ideologies and will be of interest to students of political ideologies and political and social theory

antitrust italiana aai some of the papers have been extensively reviewed and updated by the
authors prior to publication contributions contained in this volume are the result of an in depth
analysis and study of the most salient issues arising from the application of antitrust rules carried
out by experienced and high ranking professionals company lawyers academics and eu national
institutional representatives who attended the conference they deal with extremely topical issues
lying at the heart of current antitrust debate some of the most contemporary topics include those
relative to the large scale distribution sector and the control of concentrations at both national
and european level ample consideration is also given to salient antitrust issues encountered in
undertakings day to day business life as well as to the future of antitrust in the global economy
also in the light of the new powers recently attributed to the italian antitrust authority to challenge
administrative acts this volume also includes some precious insights on the assessment and
quantification of damages in antitrust infringements from both an economic and legal perspective
as well as reflections on the role of judges in the application of antitrust law also following the
principles set forth by the european court of human rights in the well known menarini case

Fascism, Totalitarianism and Political Religion 2013-02-22

investigating the central role that theories of the visual arts and creativity played in the
development of fascism in france mark antliff examines the aesthetic dimension of fascist myth
making within the history of the avant garde between 1909 and 1939 a surprising array of
modernists were implicated in this project including such well known figures as the symbolist
painter maurice denis the architects le corbusier and auguste perret the sculptors charles despiou
and aristide maillol the new vision photographer germaine krull and the fauve maurice vlaminc
antliff considers three french fascists georges valois philippe lamour and thierry maulnier
demonstrating how they appropriated the avant garde aesthetics of cubism futurism surrealism
and the so called retour à l'ordre return to order and in one instance even defined the dynamism
of fascist ideology in terms of soviet filmmaker sergei eisenstein s the cooking message for the

fascists modern art was the mythic harbinger of a regenerative revolution that would overthrow
existing governmental institutions inaugurate an anticapitalist new order and awaken the creative
and artistic potential of the fascist new man in formulating the nexus of fascist ideology
aesthetics and violence valois lamour and maulnier drew primarily on the writings of the french
political theorist georges sorel whose concept of revolutionary myth proved central to fascist
theories of cultural and national regeneration in france antliff analyzes the impact of sorel s
theory of myth on valois lamour and maulnier valois created the first fascist movement in france
lamour a follower of valois established the short lived parti fasciste révolutionnaire in 1928 before
founding two fascist oriented journals maulnier forged a theory of fascism under the auspices of
the journals combat and insurgé

Antitrust between EU law and national law / Antitrust fra diritto nazionale e diritto dell'Unione Europea 2007-09-03

this book focuses on the politics of national identity in italy only a unified country for just over 150
years italian national identity is perhaps more contingent than longer established nations such as
france or the uk the book investigates when how and why the discussions about national identity
and about immigration became entwined in public discourse within italy in particular it looks at
the most influential voices in the debate on immigration and identity namely italian intellectuals
the catholic church the northern league and the left the methodological approach is based on a
systematic discourse analysis of official documents interviews statements and speeches by
representatives of the political actors involved in the process the author demonstrates that a
normalisation of intolerance towards foreigners has become institutionalised at the heart of the
italian state this work will be of particular interest to students of italian politics nationalism and
comparative politics

~~Avant-Garde Fascism 2014-12-17~~^{cooker vegan paleo dinner clean eating healthy diet}

religion and liberty are often thought to be mutual enemies if religion has a natural ally it is authoritarianism not republicanism or democracy but in this book maurizio viroli a leading historian of republican political thought challenges this conventional wisdom he argues that political emancipation and the defense of political liberty have always required the self sacrifice of people with religious sentiments and a religious devotion to liberty this is particularly the case when liberty is threatened by authoritarianism the staunchest defenders of liberty are those who feel a deeply religious commitment to it viroli makes his case by reconstructing for the first time the history of the italian religion of liberty covering its entire span but focusing on three key examples of political emancipation the free republics of the late middle ages the risorgimento of the nineteenth century and the antifascist resistenza of the twentieth century in each example viroli shows a religious spirit that regarded moral and political liberty as the highest goods of human life was fundamental to establishing and preserving liberty he also shows that when this religious sentiment has been corrupted or suffocated italians have lost their liberty this book makes a powerful and provocative contribution to today s debates about the compatibility of religion and republicanism

Politics of National Identity in Italy 2012-09-09

by shedding light on an often overlooked aspect of fascism and nazism this book examines the ambitious plans for a new european order conceived by italian intellectuals historians geographers politicians and even student representative of the fascist university groups guf through expert reconstruction of the debate on this envisaged order s development monica fioravanzo opens a window into the theoretical arena that shaped relationships between german italy and the other axis nations and provides insight into how the project was anticipated to unite the fascist regime in italy and the nazi reich

Fascist Europe 1644

publisher description

Conquista dell'Indie occidentali di monsignor fra Bartolomeo dalle Case ... Tradotta in italiano per opera di Marco Ginammi, etc. [The Spanish text, with an Italian translation, of “Aqui se contiene vna disputa” and the Latin text of “Principia quædam, ex quibus procedendum est in disputatione ad manifestandam iustitiam Yndorum.”] 2012-09-06

in the last years the discussion around what is fascism if this concept can be applied to present forms of politics and if its seeds are still present today became central in the political debate this discussion led to a vast reconsideration of the meaning and the experience of fascism in europe and is changing the ways in which scholars of different generations look at this political ideology and come back to it and it is also changing the ways in which we consider the experience of italian fascism in the european and global context the aim of the book is building a general history of fascism and its historiography through the analysis of 13 different fundamental aspects which were at the core of fascist project or of fascist practices during the regime each essay considers a specific and meaningful aspect of the history of italian fascism reflecting on it from the vantage point of a case study the essays thus reinterrogates the history of fascism to understand in which way fascism was able to mould the historical context in which it was born how and if it transformed political cultural social elements that were already present in italy the themes considered are violence empire war politics economy religion culture art and fascism and the impact of fascism abroad especially in the twenties and at the beginning of the thirties

the book could be both used for a general public interested in the history of europe in the healthy diet

interwar period and for an academic and scholarly public since the essays aim to develop a
provocative reflection on their own area of research

In the Society of Fascists 2009

in transatlantic fascism federico finchelstein traces the intellectual and cultural connections
between argentine and italian fascisms showing how fascism circulates transnationally from the
early 1920s well into the second world war mussolini tried to export italian fascism to argentina
the most italian country outside of italy nearly half the country s population was of italian descent
drawing on extensive archival research on both sides of the atlantic finchelstein examines italy s
efforts to promote fascism in argentina by distributing bribes sending emissaries and
disseminating propaganda through film radio and print he investigates how argentina s political
culture was in turn transformed as italian fascism was appropriated reinterpreted and resisted by
the state and the mainstream press as well as by the left the right and the radical right as
finchelstein explains nacionalismo the right wing ideology that developed in argentina was not the
wholesale imitation of italian fascism that mussolini wished it to be argentine nacionalistas
conflated catholicism and fascism making the bold claim that their movement had a central place
in god s designs for their country finchelstein explores the fraught efforts of nacionalistas to
develop a sacred ideological doctrine and political program and he scrutinizes their debates
about nazism the spanish civil war imperialism anti semitism and anticommunism transatlantic
fascism shows how right wing groups constructed a distinctive argentine fascism by appropriating
some elements of the italian model and rejecting others it reveals the specifically local ways that
a global ideology such as fascism crossed national borders

L'autrice vincitrice del premio Ottone d'Assia Riccardo Francovich 2007 prende in esame la maiolica prodotta e utilizzata nella Toscana fra XIV e XVI secolo e attraverso l'analisi sia della fonte archeologica che di quelle documentarie ricostruisce i flussi di circolazione dei manufatti e delle tecnologie per l'arco cronologico considerato in particolare vengono presi in esame i centri produttivi del medio Valdarno focalizzando l'indagine su Firenze, Bacchereto, Montelupo e Cafaggiolo. Un ampio capitolo in cui sono messi a confronto i reperti ceramici provenienti dai nuovi scavi stratigrafici di Via de' Castellani e della Biblioteca Magliabechiana è dedicato a Firenze come centro di consumo. Completano il volume alcune considerazioni sui materiali rinvenuti presso la Terra Nuova di San Giovanni Valdarno e le fortezze Medicee di Livorno e Grosseto e un capitolo conclusivo in cui vengono proposte alcune chiavi interpretative del documento archeologico come fonte della ricostruzione storica.

What History Tells 2019

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in the Debates and Proceedings in the Congress of the United States, 1789-1824; the Register of Debates in Congress, 1824-1837; and the Congressional Globe, 1833-1873.
