is a new section of reviews of the lectures melville gave in the 1850s becoming the second city examines the development of chicago s press and analyzes coverage of key events in its history to call attention to the media s impact in shaping the city s cultural and historical landscape in concise extensively documented prose richard junger illustrates how nineteenth century newspapers acted as accelerants that boosted chicago s growth in its early history by continually making and remaking the city s image for the public junger argues that the press was directly involved in chicago s race to become the nation s most populous city a feat it briefly accomplished during the mid 1890s before the incorporation of greater new york city irrevocably recast chicago as the second city the book is populated with a colorful cast of influential figures in the history of chicago and in the development of journalism junger draws on newspapers personal papers and other primary sources to piece together a lively portrait of the evolving character of chicago in the nineteenth century highlighting the newspaper industry s involvement in the business and social life of chicago junger casts newspaper editors and reporters as critical intermediaries between the elite and the larger public and revisits key events and issues including the haymarket square bombing the 1871 fire the pullman strike and the world s columbian exposition in 1893 the united states australia alliance has been an important component of the us led system of alliances that has underpinned regional security in the indo pacific since 1945 however recent geostrategic developments in particular the rise of the people s republic of china have posed significant challenges to this us led regional order in turn the growing strategic competition between these two great powers has generated challenges to the longstanding us australia alliance both the us and australia are confronting a changing strategic environment and as a result the alliance needs to respond to the challenges that they face the us needs to understand the challenges and risks to this vital relationship which is growing in importance and take steps to manage it on its part australia must clearly identify its core common interests with the us and start exploring what more it needs to do to attain its stated policy preferences this book consists of chapters exploring us and australian perspectives of the indo pacific the evolution of australia us strategic and defence cooperation and the future of the relationship written by a joint us australia team the volume is aimed at academics analysts students and the security and business communities the main purpose of this book is to shed light on the limitations of the american hegemony in occupied japan previous studies share the assumption that the united states was in a near monopoly position to shape the postwar development in japan as well as in the asia pacific region the book goes on to modify the prevailing view that american hegemony not only eroded under its own weight but was never absolute in any case japan a former enemy eventually became america s main regional ally in the asia pacific region in july 2011 south sudan was granted independence and became the world s newest country yet just two and a half years after this momentous decision the country was in the grips of renewed civil war and political strife hilde f johnson served as special representative of the secretary general and head of the united nations mission in the republic of south sudan from july 2011 until july 2014 and as such she was witness to the many challenges which the country faced as it struggled to adjust to its new autonomous state in this book she provides an unparalleled insider s account of south sudan s descent from the ecstatic celebrations of july 2011 to the outbreak of the disastrous conflict in december 2013 and the early bloody phase of the fighting johnson s frequent personal and private contacts at the highest levels of government accompanied by her deep knowledge of the country and its history make this a unique eyewitness account of the turbulent first three years of the world s newest and yet most fragile country heineman examined student newspapers government documents and personal archives interviewed activists and attended inclusive a history of and for all peoples who have lived in palestine after an introductory essay offering a strategy for creating coherence and continuity from the earliest beginnings to the present the volume presents twenty articles from twenty two contributors fifteen of whom are of middle eastern origin or relation split thematically into four parts the volume discusses ideology national identity and chronology in various historiographies of palestine and the legacy of memory and oral history the transient character of ethnicity in palestine and questions regarding the ethical responsibilities of archaeologists and historians to protect the multi ethnic cultural heritage of palestine landscape and memory and the values of community archaeology and bio archaeology and an exploration of the ideology of the land and its influence on palestine s history and heritage the first in a series of books under the auspices of the palestine history and heritage project pahh the volume offers a challenging new departure for writing the history of palestine and israel throughout the ages a new critical approach to the history of palestine explores the diverse history of the region against the backdrop of twentieth century scholarly construction of the history of palestine as a history of a jewish homeland with roots in an ancient biblical israel and examines the implications of this ancient and recent history for archaeology and cultural heritage the book offers a fascinating new perspective for students and academics in the fields of anthropological political cultural and biblical history we need young people to be civically engaged in order to define and address public problems their participation is important for democracy for institutions such as schools and for young people themselves who are more likely to succeed in life if they are engaged in their communities in the future of democracy peter levine scholar and practitioner sounds the alarm in recent years young americans have become dangerously less engaged they are tolerant patriotic and idealistic and some have invented such novel and impressive forms of civic engagement as blogs boycott movements and transnational youth networks but most lack the skills and opportunities they need to participate in politics or address public problems levine s timely manifesto clearly explains the causes symptoms and repercussions of this damaging trend and most importantly the means whereby america can confront and reverse it levine demonstrates how to change young people s civic attitudes skills and knowledge and equally importantly to reform our institutions so that civic engagement is rewarding and effective we must both prepare citizens for politics and improve politics for citizens whether decentralization and particularly devolution and federalism is advantageous or disadvantageous for women is a long debated issue the effectiveness of decentralization in promoting gender equality depends on how the system is designed the quality of implementation planning and the adequacy of resources decentralization processes nevertheless are particularly fertile ground for enhanced and systematic women s engagement with numerous avenues for mobilization and advocacy throughout the long period of interpretation implementation and enforcement which can be harnessed by women to shape what decentralization will look like in practical terms the fourth women constitution makers dialogue focused on decentralization from a technical and empirical perspective to support women constitution makers engaged in constitution building processes and constitutional implementation through knowledge transfer and comparative experience sharing lists documents available from
