completely revised and updated second edition is 50 bigger with many new trendspider charts moving averages 101 is the easiest way to learn how to capture trends in the stock market master moving averages and give yourself a significant trading advantage benefit from 25 years of trading experientielimit your chances of trading ruin by learning from someone with more than 20 years in the stock market steve will teach you what a moving averages are and how to trade them not sure where to start are you unsure about trading the 200 day or maybe you don t understand how to combine moving averages with other indicators this book will give you trading clarity master moving averagethis book will give you a great understanding of the power of moving averages easy to understand explanations of complex topicsdetailed annotated trading chartsaccess to a thriving trading communityfrom the foreword today i am a successful and profitable stock trader and financial educator and i can honestly tell you that i owe it all to the simple trading principles that i learned by listening to and then reading the first edition of moving averages 101 by steve and holly burns the book taught me a new way to approach the markets when i combined moving averages and good risk to reward setups discussed in this book it created the potential for large wins and small losses my trading results improved immediately i experienced better results with less stress because i stopped trying to predict the market or make decisions based on my opinions instead of worrying about what the market might do in the future i learned to let the moving averages be my guide i am fortunate enough to have seen steve burns place trades daily for the last two and a half years using the same strategies and approaches that he will teach you in this book steve really does practice what he preaches and teaches and his results have been amazing i have seen him ride profitable long term

trends to the upside and even more impressively stay completely in cash and out of large market drawdowns and crashes i regularly see him make new equity highs when the market is not anywhere close to all time highs this second edition is great because it includes many more chart examples which is helpful if you are a visual learner like i am in this book you will learn powerful concepts that if internalized and put into practice will provide you with an approach that can make you money in the market for years to come i feel so fortunate that i found this book back in 2016 and i would like to sincerely thank steve and holly burns for taking the time to write it my only regret is that i did not find this book sooner best of luck to all of you and happy trading gregory w gossett gossett trading mentoringwhat new trader u students are saying it s simple buy this book it s an incredible value add for the money easy reading and direct to the point in depth education on popular moving averages this book is an extension from the new trader u website which i also highly recommend you get direct access to a seasoned trading veteran who has been there and done that the cost is reasonable and the value is priceless tim m steve once again delivers on the message of building a strong foundation for which all your future trading is built upon when focusing on the method many market gurus or books talk about moving averages and to buy and sell there but the why s are missing this book give an excellent explanation of the why s you ll get a better understanding of the risk reward of your purchase decisions using the information gained in this book also i see few books that have better explained to me the questions i had regarding moving averages for the price it s selling at frederick m robescapitalize on stock market trendsdon t place another trade before you read this book
