Beware The Silence 2023-12-27 beware of this false doctrine a vivid teaching of the born again experience is presented with a touch of suspense it is a thrilling and very insightful exposition on elohiym s salvation and is based on a conversation yahushua had with nakdimon discernment between forgiveness and remission of sin the significance of baptism and the great commission of yahushua to his talmidim this book brings to the fore the issues of altar calls sinners prayer recitals and the practice of inviting jesus christ into hearts it teaches that these rituals commonly pursued by many as the means of seeking entrance to the kingdom of elohiym are incapable of bringing mankind to the realities of being born again beware of this false doctrine a multitude of revelations on the mystery of baptism all laid bare in this teaching will provoke bible students to learn even more this book is a must read

"Beware of False Prophets" 2000-08 in the sermon on the mount jesus of nazareth makes reference to one of the oldest beliefs in the ancient world the malignity of an evil eye the holy scriptures in their original languages contain no less than twenty four references to the evil eye although this is obscured by most modern bible translations john h elliott s beware the evil eye describes this belief and associated practices its history its voluminous appearances in ancient cultures and the extensive research devoted to it over the centuries in order to unravel this enigma for readers who have never heard of the evil eye and its presence in the bible the four volumes cover the ancient world from sumer to the middle ages

Beware the Evil Eye, 4-Volume Set 2017-09-20 surveys have shown that only about 10 to 30 percent of modern day christians have ever read through the entire bible much less extensively studied it instead most rely on their church for the majority of their understanding of the teachings of jesus exclusively relying on one institution for such vital information can be dangerous yet this seems to be a trend in our society beware of hypocrisy was written to explain why this trend is dangerous and to encourage christians to study the new testament especially the gospels themselves after almost two thousand years of making assumptions and inventing doctrines churches have subtly changed over time the teachings of jesus into something different from what is presented in the scriptures this will be demonstrated by analyzing the teachings of jesus regarding a given topic as presented in the bible and then contrasting it with what churches teach and do regarding the subject the book concludes with encouragement from hope in the word of the lord in addition techniques for studying the bible are presented along with recommendations on bible translations online bibles and bible apps
