oro about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works this book provides the first comprehensive introduction to the role of humanity in international law offering a fresh perspective to a discussions with global implications the 1990s and the first decade of the twenty first century witnessed the sporadic emergence of a new vision of global law although the vision has taken many different forms all instances of it have been uniform in the attempt of radically altering how we understand international law by seeking to posit the human as the primary subject of the international legal order and humanity as its main source of legitimacy together this book calls these instances the law of humanity project in so doing it also paints a picture of and critically assesses a particular moment in the history of international law a moment which may have already come to a sudden end as a consequence of the current populist backlash in world politics but during which it seemed inevitable that the law of humanity vision would come to play an increasingly important role in world affairs excerpt from the law of sales of personal property since the appearance of the second edition of this work the uniform sales act has been adopted by nine states as originally drafted it was in the main a reproduction of the english sale of goods act it was modified however in many respects by the commissioners on uniform state laws and its enactment changed not a few of the legal rules there tofore prevailing in several states about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

1960

this casebook is designed to introduce the roman law concerning delicts private wrongs which broadly resemble torts in anglo american law the roman law of delict is unusually interesting since many basic roman principles of delict are still prominent in modern legal systems while other roman principles offer sharp and important contrasts with modern ideas the influence of roman law has been especially strong in the civil law systems of continental europe and its former dependencies since these systems derive many basic principles from roman law but roman influence on anglo american law has also been appreciable in some areas although not usually in tort a casebook relies on direct use of primary

sources in order to convey a clear understanding of what legal sources are like and how lawyers work for roman law the primary sources are above all the writings of the early imperial roman jurists almost all their writings date to the classical period of roman law approximately 30 b c to a d 235 the 171 cases in this book all derive from the writings of pre classical and classical jurists this is a reproduction of a book published before 1923 this book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process we believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide we appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book library owns volumes 2 and 4 presenting fresh perspectives on a range of contemporary issues in international law this book draws on the work of major contributors to legal and political theory arguing that international law lacks the vocabulary to deal with the collective dimension and therefore perpetuates an individualistic vocabulary the book develops and articulates a more appropriate collective approach for public international law in doing so it reframes longstanding problems such as the conflict between self determination and the integrity of states and the effects and the limits of state sovereignty in an increasingly globalized world written by leading experts who have shaped and defined the law of restitution the book provides an authoritative and scholarly guide to the subject the second edition of this seminal title continues the formula of the first edition by combining a comprehensive coverage of cases with extracts from leading academic authorities excerpt from principles of the law of nations with practical notes and supplementary essays on the law vi the law of nations originates in the will of nations its authority is their consent and its evidence is their practice and conventions practice evidences what is called the customary law of nations and conventions the conventional law of nations about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works this is an outline of a coherence theory of law its basic ideas are reasonable support and weighing of reasons all the rest is commentary these words at the beginning of the preface of this book perfectly indicate what on law and reason is about it is a theory about the nature of the law which emphasises the role of reason in the law and which refuses to limit the role of reason to the application of deductive logic in 1989 when the first edition of on law and reason appeared this book was ground breaking for several reasons it provided a rationalistic theory of the law in the language of analytic philosophy and based on a thorough understanding of the results including technical ones of analytic philosophy that was not an obvious combination at the time of the book s first

appearance and still is not the result is an analytical rigor that is usually associated with positivist theories of the law combined with a philosophical position that is not natural law in a strict sense but which shares with it the emphasis on the role of reason in determining what the law is if only for this rare combination on law and reason still deserves careful study on law and reason also foreshadowed and influenced a development in the field of legal logic that would take place in the nineties of the 20th century namely the development of non monotonic defeasible logics for the analysis of legal reasoning in the new introduction to this second edition this aspect is explored in some more detail a full discussion on his understanding of rights as trump cards which privilege the individual claim over the group policy the critique of legal positivism the history of a legal institution according to the analogy of a chain novel and the insistence upon a theory of adjudication that is both constructive and yet faithful to the deepest intentions of legal documents the making of modern law foreign comparative and international law 1600 1926 brings together foreign comparative and international titles in a single resource its international law component features works of some of the great legal theorists including gentili grotius selden zouche pufendorf bijnkershoek wolff vattel martens mackintosh wheaton among others the materials in this archive are drawn from three world class american law libraries the yale law library the george washington university law library and the columbia law library now for the first time these high quality digital scans of original works are available via print on demand making them readily accessible to libraries students independent scholars and readers of all ages the below data was compiled from various identification fields in the bibliographic record of this title this data is provided as an additional tool in helping to insure edition identification yale law librarylp3y045210019210101the making of modern law foreign comparative and international law 1600 1926i ii stamped bombay the bombay law reporter office 1921xcii 1323 p 25 cindia political economy themes have directly and indirectly been a central concern of law and legal scholarship ever since political economy emerged as a concept in the early seventeenth century a development which was reinforced by the emergence of political economy as an independent area of scholarly enquiry in the eighteenth century as developed by the french physiocrats this is not surprising in so far as the core institutions of the economy and economic exchanges such as property and contract are legal institutions in spite of this intrinsic link political economy discourses and legal discourses dealing with political economy themes unfold in a largely separate manner indeed this book is also a reflection of this in so far as its core concern is how the law and legal scholarship conceive of and approach political economy issues

On Law and Justice

2004

ross alf on law and justice berkeley university of california press 1959 xi 383 pp reprint available december 2004 by the lawbook exchange ltd isbn 1 58477 488 6 cloth 90 in this influential and oft cited study ross discounted the theories of natural law positivism and legal realism in their stead he proposed the abandonment of ought propositions for the is propositions employed by other empirical sciences thereby envisioning lawyers that serve merely as rational technologists less bound by tradition and traditional notions of justice jurisprudence then becomes not only a beautiful mental activity per se but also an instrument which may benefit any lawyer who wants to understand what he is doing and why preface

Synopsis of the law of nations

1916

presenting fresh perspectives on a range of contemporary issues in international law this book draws on the work of major contributors to legal and political theory arguing that international law lacks the vocabulary to deal with the collective dimension and therefore perpetuates an individualistic vocabulary the book develops and articulates a more appropriate collective approach for public international law in doing so it reframes longstanding problems such as the conflict between self determination and the integrity of states and the effects and the limits of state sovereignty in an increasingly globalized world

The Law of Sales of Personal Property (Classic Reprint)

2017-10-16

written by leading experts who have shaped and defined the law of restitution the book provides an authoritative and scholarly guide to the subject the second edition of this seminal title continues the formula of the first edition by combining a comprehensive coverage of cases with extracts from leading academic authorities

A Casebook on the Roman Law of Delict

1989

this is an outline of a coherence theory of law its basic ideas are reasonable support and weighing of reasons all the rest is commentary these words at the beginning of the preface of this book perfectly indicate what on law and reason is about it is a theory about the nature of the law which emphasises the role of reason in the law and which refuses to limit the role of reason to the application of deductive logic in 1989 when the first edition of on law and reason appeared this book was ground breaking for several reasons it provided a rationalistic theory of the law in the language of analytic philosophy and based on a thorough understanding of the results including technical ones of analytic philosophy that was not an obvious combination at the time of the book's first appearance and still is not the result is an analytical rigor that is usually associated with positivist theories of the law combined with a

philosophical position that is not natural law in a strict sense but which shares with it the emphasis on the role of reason in determining what the law is if only for this rare combination on law and reason still deserves careful study on law and reason also foreshadowed and influenced a development in the field of legal logic that would take place in the nineties of the 20th century namely the development of non monotonic defeasible logics for the analysis of legal reasoning in the new introduction to this second edition this aspect is explored in some more detail

Commentaries on the Laws of England

political economy themes have directly and indirectly been a central concern of law and legal scholarship ever since political economy emerged as a concept in the early seventeenth century a development which was reinforced by the emergence of political economy as an independent area of scholarly enquiry in

the eighteenth century as developed by the french physiocrats this is not surprising in so far as the core institutions of the economy and economic exchanges such as property and contract are legal institutions in spite of this intrinsic link political economy discourses and legal discourses dealing with political economy themes unfold in a largely separate manner indeed this book is also a reflection of this in so far as its core concern is how the law and legal scholarship conceive of and approach political economy issues
