Confronting Emerging Zoonoses 2014-11-19

this book provides readers with information on the factors underlying the emergence of infectious diseases originating in animals and spreading to people the one health concept recognizes the important links between human animal and environmental health and provides an important strategy in epidemic mitigation and prevention the essential premise of the one health concept is to break down the silos among the different health professions and promote transdisciplinary collaborations these concepts are illustrated with in depth analyses of specific zoonotic agents and with examples of the successes and challenges associated with implementing one health the book also highlights some of the challenges societies face in confronting several specific zoonotic diseases a chapter is included on comparative medicine to demonstrate the broad scope of the one health concept edited by a team including the one health initiative pro bono members the book is dedicated to those studying zoonotic diseases and comparative medicine in both human and veterinary medicine to those involved in the prevention and control of zoonotic infections and to those in the general public interested in the visionary field of one health

Igbo Women in the Diaspora and Community Development in Southeastern Nigeria 2017-06-05

gender migration and development in africa igbo women in the diaspora and community development in southeastern nigeria provides a unique approach to the study of the role of igbo women in the diaspora to community development in igboland utilizing primary sources specifically migration stories of women and the groups they form in the united states and other parts of the world the book highlights the dynamism in the zeal to give back to their communities of origin in igboland the book seeks to affirm the propensity of igbo women to evolve through personal efforts and formation of social groups to extend humanitarian services to underprivileged individuals and societies in igboland through several community development programs they have provided needed medical and educational supplies hospital equipment supplies and sponsored several medical missions in different parts of the igboland this book further counters the previously understudied role of women in development through a comprehensive documentation of the various programs and projects completed by the groups and individual charities readers and policy makers will be inspired to appreciate the efforts of the various groups and extend needed support and assistance to the groups the findings in the book reveal the increasing shift from the brain drain concept to brain circulation and networking within the igbo women community they are positively utilizing the skills and resources acquired from their host communities to engage in the development processes through remittances and social development projects the study reinforces the trends and ideas that the improvement of african societies may well depend on the contributions of africans outside the continent especially women

South Africa's Border War provides a timely study of the war of words waged by retired South African defence force SADF generals and other veterans against critics and detractors. The book explores the impact of the border war on South African culture and society during apartheid and in the new dispensation and discusses the lasting legacy or afterlife of the war in great detail. It also offers an appraisal of the secondary literature of the border war supplemented by archival research, interviews and an analysis of articles, newspaper reports, reviews and blogs, adopting a genuinely multidisciplinary approach that borrows from the study of history, literature, visual culture, memory, politics and international relations. South Africa's Border War is an important volume for anyone interested in the study of war and memory or the modern history of South Africa.

South Africa's 'Border War' 2015-12-15

In 2011 the world watched as Egyptians rose up against a dictator. Observers marveled at this sudden rupture and honed in on the heroes of Tahrir Square. Revolutionary Egypt analyzes this tumultuous period from multiple perspectives, bringing together experts on the Middle East from disciplines as diverse as political economy, comparative politics and social anthropology. Drawing on primary research conducted in Egypt and across the world, this book analyzes the foundations and future of Egypt's revolution, considering the revolution as a process. It looks back over decades of popular resistance to state practices and predicts the waves still to come. It also confidently places Egypt's revolutionary process in its regional and international contexts, considering popular contestation of foreign policy trends as well as the reactions of external actors. It draws connections between Egyptians' struggles against domestic despotism and their reactions to regional and international processes such as economic liberalization, Euro-American interventionism and similar struggles further afield. Revolutionary Egypt is an essential resource for scholars and students of social movements and revolution, comparative politics and Middle East politics in particular, Middle East foreign policy and international relations.

Revolutionary Egypt 2015-12-16

Rough Justice recounts the experiences of victims of police and criminal justice failings through the stories of some who fought back, often with amazing commitment and courage. Their feelings encompass frustration, confusion, helplessness and anger. Their encounters affected their trust, certainty and confidence in British justice. Sometimes for a lifetime. An extraordinary book to remind us all that our social contract comes with some frightening downsides. Professor David Wilson from the foreword in 2006: Prime Minister David Cameron declared the police the last great unreformed public service, but governments have dodged fundamental change. Police still investigate and often clear themselves and avoid prosecution more than Joe Public. A minority practice deception and dubious tactics to obscure what is happening at a time when the Home Office is reviewing police integrity and discipline. The book also looks at the manipulation of crime statistics, argues that the independent police complaints commission is unfit for purpose and points to unfairness underpinning a crisis of legitimacy. As former Director of Public Prosecutions Keir Starmer commented: Britain's criminal justice system fails the vulnerable, it lets down law-abiding people too, including MPs, through free style policing and a because we can approach it could it happen to you will anything ever change when will politicians face up to the need for action. Roger Williams wrote Rough Justice as an ordinary citizen caught up in a highly professional and impenetrable criminal process. He then discovered others with the same sense of inadequacy when faced with the might of the state. He hopes their stories and his suggestions might make a difference.

transitional justice is a burgeoning field of scholarly inquiry yet while the transitional justice literature is replete with claims about the benefits of criminal trials too often these claims lack an empirical basis and hence remain unproven while there has been much discussion about whether criminal trials can aid reconciliation the extent to which they actually do so in practice remains under explored this book investigates the relationship between criminal trials and reconciliation through a particular focus on the international criminal tribunal for the former yugoslavia icty using detailed empirical data in the form of qualitative interviews and observations from five years of fieldwork to assess and analyze the icty s impact on reconciliation in bosnia hercegovina croatia and kosovo international trials and reconciliation assessing the impact of the international criminal tribunal for the former yugoslavia argues that reconciliation is not a realistic aim for a criminal court they are janine clark argues only one part of a rich tapestry of justice which must also include non retributive transitional justice processes and mechanisms challenging many of the common yet untested assumptions about the benefits of criminal trials this innovative and extremely timely monograph will be invaluable for those with interests in the theory and practice of transitional justice

the events which unfolded south of brussels on 18 june 1815 conferred instant immortality on those who took part in them for the duke of wellington waterloo consummated victory in a long battle for what he considered to be his due recognition whilst he guarded that reputation jealously he also jeopardised it by his decision to enter politics in what proved to be an especially partisan age even the outpouring of national grief which accompanied his death in 1852 could not totally obscure the ambivalence he had aroused in life the memory of waterloo meanwhile followed its own trajectory travellers initially flocked to the battlefield as if drawn by a magnet what the triumph meant for britain and the wider world moreover became a battle in itself one fought variously in the political literary and artistic theatres of war as the nineteenth century advanced it was only waterloo s less exalted participants who relatively faded from view or were ignored drawing on many under utilised sources to illuminate some less familiar themes this timely study offers fresh perspectives on one of britain s best known figures as well as on the nature of heroism the reader is also given pause for thought as to appropriate forms of commemoration and

how national celebrations are prone to manipulation for their own purposes by those in government

ECCWS2016-Proceedings fo the 15th European Conference on Cyber Warfare and Security " 2018-06-20

this work deals with the temporal effect of judicial decisions and more specifically with the hardship caused by the retroactive operation of overruling decisions by means of a jurisprudential and comparative analysis the book explores several issues created by the overruling of earlier decisions overruling of earlier decisions when it occurs operates retrospectively with the effect that it infringes the principle of legal certainty through upsetting any previous arrangements made by a party to a case under long standing precedents established previously by the courts on this account in the recent past a number of jurisdictions have had to deal with the prospect of introducing in their own systems the well established us practice of prospective overruling whereby the court may announce in advance that it will change the relevant rule or interpretation of the rule but only for future cases however adopting prospective overruling raises a series of issues mainly related to the constitutional limits of the judicial function coupled by the practical difficulties attendant upon such a practice this book answers a number of the questions raised by this practice it makes use of the great reservoir of foreign legal experience that furnishes theoretical and practical ideas from which national judges may draw their knowledge and inspiration in order to be able to advise a rational method of dealing with time when they give their decisions

Wellington and Waterloo 2014-03-12

focusing on the early philosophies of learning and key behavioural cognitive and social theorists including locke rousseau montessori piaget vygotsky bandura bronfenbrenner bruner this popular book provides a comprehensive overview of children s learning the authors highlight the strengths and weaknesses of each theoretical perspective and encourage reflection on how different approaches impact on the learning environment the discussion finishes with an exploration of the new sociology of childhood new to this second edition are a new chapter on what is theory and what is learning a new chapter on the changing nature of learning there is also a new companion website which features journal articles to read alongside each chapter podcasts from the authors explaining the key points on each topic links to video material discussing key theories and methods you can access the books online materials at study.sagepub.com/grayandmacblain2e accessibly written with key questions and recommended reading included this book is essential for all those studying on child development early childhood and childhood studies courses and for anyone interested in understanding more about how children learn and think colette gray is head of research development and principal lecturer in childhood studies at stanmillis university college belfast and sean macblain is reader in child development and disability at the university of st mark st john plymouth for access to the website

Employment Law in Practice

the fifth edition of this highly praised study charts and explains the progress that continues to be made towards the goal of worldwide abolition of the death penalty the majority of nations have now abolished the death penalty and the number of executions has dropped in almost all countries where abolition has not yet taken place emphasizing the impact of international human rights principles and evidence of abuse the authors examine how this has fueled challenges to the death penalty and they analyze and appraise the likely obstacles political and cultural to further abolition they discuss the cruel realities of the death penalty and the failure of international standards always to ensure fair trials and to avoid arbitrariness discrimination and conviction of the innocent all violations of the right to life they provide further evidence of the lack of a general deterrent effect shed new light on the influence and limits of public opinion and argue that substituting for the death penalty life imprisonment without parole raises many similar human rights concerns this edition provides a strong intellectual and evidential basis for regarding capital punishment as undeniably cruel inhuman and degrading widely relied upon and fully updated to reflect the current state of affairs worldwide this is an invaluable resource for all those who study the death penalty and work towards its removal as an international goal

this paper discusses findings of the detailed assessment of observance of the basel core principles bcp for effective banking supervision in romania the supervisory approach of the national bank of romania nbr has been changing toward a more risk based approach since the previous bcp assessment but more needs to be done further development of the nbr s supervisory approach will make supervision more effective and in line with the requirements of the 2012 bcp the nbr may need to devote more supervisory attention to banks risk models and building up further expertise in specialized areas such as information technology and market risk in the area of corrective actions and sanctions the nbr should review its framework to ensure it is protected from undue legal challenges

Sport and the Media

the united states faces major challenges in dealing with iran the threat of terrorism and the tide of political instability in the arabian peninsula the presence of some of the world s largest reserves of oil and natural gas vital shipping lanes and shia populations throughout

the region have made the peninsula the focal point of us and iranian strategic competition moreover large youth populations high unemployment rates and political systems with highly centralized power bases have posed other economic political and security challenges that the gulf states must address and that the united states must take into consideration when forming strategy and policy

Comparing the Prospective Effect of Judicial Rulings Across Jurisdictions

Learning Theories in Childhood

The Death Penalty
