# ***The Choice of Books***

2023-07-18

choosing what to read can be a daunting task especially with so many books available in this book frederic harrison provides guidance and advice on how to choose the right books for you with discussions of various genres authors and works this book is a valuable resource for anyone looking to build their personal library this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

## **A Guide to the Choice of Books for Students [and] General Readers**

1891

trieste publishing has a massive catalogue of classic book titles our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time the many thousands of books in our collection have been sourced from libraries and private collections around the world the titles that trieste publishing has chosen to be part of the collection have been scanned to simulate the original our readers see the books the same way that their first readers did decades or a hundred or more years ago books from that period are often spoiled by imperfections that did not exist in the original imperfections could be in the form of blurred text photographs or missing pages it is highly unlikely that this would occur with one of our books our extensive quality control ensures that the readers of trieste publishing s books will be delighted with their purchase our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality this process ensures that the reader of one of trieste publishing s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work we pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to

every one of our readers generally trieste books are purchased singly on demand however they may also be purchased in bulk readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates

there are a thousand acts of duplicity and dishonesty every day some large and

some small some of which undoubtedly take place in your workplace the question for all of us is are we going to resist or just play along the path of least resistance the first hard choice a person of integrity must make is to choose to live both personally and professionally in a way that embodies integrity the power of this book comes from the real life in the workplace experiences that these executives have been so generously willing to share none had easy choices but that s the point integrity is not about easy choices it s about the courage to make the right choices from the book of hard choices all of us like to think that in any given situation we d act with integrity and do the right thing but what happens when we get to work each morning do the same rules we follow in our personal lives apply to our work lives the lines between right and wrong become blurred when we must weigh our obligations to our employer against our own ideas about what is right and wrong should altruism trump profit even to the detriment of the organization when should you step in to protect an employee and when should the employee be left to take the heat if the ceo is up to some unethical accounting should you always risk your job and the company s reputation to sound the alarm these are the hard choices the dilemmas that put your integrity to the test and require you to look beyond organizational policy and industry precedents to find an answer that reflects your personal sense of justice the book of hard choices goes to the heart of these difficult decisions james autry and peter roy experienced executives themselves interviewed numerous leaders about the tough decisions they ve made on the job they spoke with people like former starbucks president howard behar iowa cubs owner michael gartner and governor tom vilsack of iowa as well as entrepreneurs military officials members of the clergy and a whole host of leaders the authors dig into the thinking process these people went through as well as the emotional strain the self doubt and the fear of a wrong decision s impact on their business family or coworkers not everyone in this book made the right choice but all of them were forced to examine their values and make decisions in complicated circumstances the result is hard won wisdom on how to navigate the ethical gray areas of work life from daily challenges to possible career ending choices and make the best possible decisions in the most difficult situations
